PREFACE

HYPERLINK FEATURE

The digital version of this report has been hyperlinked. Click on the title of a section or a table in the List of Tables and you will be automatically directed to the actual content section or table in the report.

This report provides the detailed results provided by teachers, administrators, and other school staff on each question in your 2023-24 administration of the *California School Staff Survey* (CSSS), presented in tables organized by topic.

The CSSS, along with its companion student and parent surveys—the *California Healthy Kids Survey* (CHKS) and the *California School Parent Survey* (CSPS)—form the California Department of Education’s *California School Climate, Health, and Learning Surveys* (CalSCHLS) System. CalSCHLS is the largest, most comprehensive state effort in the nation to regularly assess students, staff, and parents to provide key data on school climate and safety, learning supports and barriers, and stakeholder engagement, as well as youth development, health, and well-being. Exhibit 1, at the end of the Preface, presents the major domains and constructs assessed by CalSCHLS.

These surveys grew out of the California Department of Education’s (CDE) commitment to helping schools create more positive, safe, supportive, and engaging environments and to promoting the successful cognitive, social, emotional, and physical development of all students. They provide a wealth of information to guide school improvement and **Local Control and Accountability Plan** (LCAP) efforts, particularly in regard to the state priorities of enhancing school climate, pupil engagement, parent involvement, and addressing the needs of vulnerable groups.

Factsheets, guidebooks, and other resources to help in understanding and using CHKS results are available for downloading from the CalSCHLS website (calschls.org). The California Safe and Supportive Schools website (ca-safe-supportive-schools.wested.org) provides information and tools helpful in implementing effective strategies to address the needs identified by the survey.

The CalSCHLS technical advisor team offers data workshops and coaching to help identify local needs and develop action plans to meet those needs.

SURVEY PURPOSE

The CSSS was developed for CDE in 2004 to fulfill the requirement in the *No Child Left Behind Act* of 2001, Title IV, that schools conduct an anonymous teacher survey related to student drug use and violence. Recognizing the opportunity this requirement presented, CDE expanded the content to collect other data to guide school improvement efforts, to meet LCAP state priorities, and to enable the perceptions and experiences of school staff to be compared to those of students on the CHKS. Schools can also add questions of their own choosing to meet other local data needs. Because the results are anonymous and confidential, the survey provides staff with an opportunity to honestly communicate their perceptions about the school.

The CSSS grew out of CDE’s commitment to: (1) helping schools promote the successful cognitive, social, emotional, and physical development of all students; and (2) fostering positive school working environments, particularly to help address the growing problem of low teacher retention. This CSSS report provides data on the degree to which staff perceive that their school has a learning and working environment that is safe, supportive, caring, collegial, challenging, and engaging, with norms and standards that encourage academic success. CSSS data enrich a school’s ability to create a positive school climate that promotes quality teaching, school connectedness, academic achievement, and overall well-being among both students and staff.

SURVEY ADMINISTRATION AND SAMPLE

Schools are provided with detailed survey planning and administration instructions. CDE guidelines call for the CSSS to be administered online at the same time as the CHKS, among all staff in grades 5 and above. Staff participation is totally voluntary, anonymous, and confidential. The tables in the Survey Sample and Demographics sections of this report provide the numbers of respondents who completed the core module; their roles at the school (e.g., teacher, administrator, counselor); the length of their employment at the school and in their positions; and their races/ethnicities. The number of respondents who completed each additional module is also provided at the beginning of the set of tables for that module.

SURVEY CONTENT OVERVIEW

The CSSS survey questions were selected with the assistance of an advisory committee to assess the key variables that research and theory indicated as most associated with successful learning and teaching, particularly in regard to school climate. Like most school climate surveys, it focuses on individual behaviors, patterns of communication and interactions, and professional and student supports.

Core Section (Section A)

All staff answer the questions in the first part of the survey, which provides background information about the characteristics of the staff respondents and assesses the following main domains:

- How **supportive and inviting** the learning and working environment is in general;
- School **norms and standards** that promote achievement, including the rigor and relevance of instruction, and a shared sense of responsibility for school improvement;
- **Staff supports, professional respect, and collegiality** within the working environment, factors that surveys of California teachers have shown to be key to teacher retention;
- Staff and student **safety**;
- **Student developmental supports** in the school environment—caring staff/student relationships, high expectations, and opportunities for meaningful participation and decision-making—that resilience research has linked to school and life success;
- **Equity**, respect, and cultural sensitivity, which are particularly germane for closing the achievement gap;

- Student **behaviors that facilitate learning**, including the degree to which students are ready and motivated to learn and are well-behaved;
- The level of **problems the school experiences** that are related to 14 student behaviors or conditions (e.g., truancy, violence, bullying, substance use, mental health, and physical health);
- The nature, communication, and enforcement of rules and policies related to **discipline**; and
- Staff **professional development needs**.

The same questions asked of students in the CHKS supplemental School Climate Module are included in the CSSS so that staff and student results can be compared. CDE recommends that all districts include the School Climate Module in their CHKS administration. The questions, reported in Section 6 (Learning Conditions), provide staff perceptions on five key constructs:

- Supports for Learning;
- Discipline and Order;
- Social, Emotional, and Behavioral Supports;
- Positive Peer Relationships (anti-bullying related); and
- Respect for Diversity.

Student Supports Questions (Section B)

A second section of the survey is focused on student supports and is designed to be answered only by staff who provide services or instruction related to health, prevention, discipline, safety, and/or counseling. These questions assess a school's programs, policies, supports, and services that address nonacademic barriers to learning and promote healthy youth development. The results can be compared to the level of student need as indicated by staff perceptions of problems (from the first section of the CSSS) and student report (from the CHKS).

Supplemental Modules

In addition, four supplementary modules are available that districts can elect to add to the survey. For information, call the CalSCHLS helpline at 562.799.5164.

- The **Staff Trauma-Informed Practice Module** was developed in 2022 in collaboration with a state advisory group to provide LEAs with data to assess staff perceptions of trauma-informed practice implementation, the extent to which the school has a trauma-sensitive environment, and staff attitudes related to trauma-informed care. The questions assessing staff attitudes related to trauma-informed care come from the Attitudes Related to Trauma-Informed Care (ARTIC) scale developed by the Traumatic Stress Institute and Dr. Courtney Baker from Tulane University. Scores on these scales can be used to monitor staff readiness to implement trauma-informed practices and progress in changing attitudes. For more information about the full ARTIC scale, see www.traumaticstressinstitute.org/the-artic-scale.
- The **Special Education Supports Module** consists of 12 questions designed to be answered only by staff who have responsibilities for teaching or providing related support services to

students with Individualized Education Programs (IEPs). It provides data to better understand issues involving (1) effectively meeting the needs of students with IEPs, and (2) recruiting and retaining special education staff. Districts can request custom reports that compare CSSS results reported by staff who have special education responsibilities to those reported by other staff.

- The **Military-Connected Schools Module** allows schools to gather the views of staff about their schools related to the educational and other needs of students who have parents connected to the military, in order to foster more military-friendly and supportive school climates.
- The **Student Wellness Module** contains 33 questions that assess student mental health needs, school mental health supports, barriers to accessing services, and staff wellness.

THE REPORT

Results are provided in tables with data from all school levels assessed presented separately. The usual school levels are elementary (grades 1–6), middle (grades 7–8), high (grades 9–12), and nontraditional (ungraded, such as continuation high schools with 16 years being the earliest age of admittance).

The tables are organized into topical sections, as outlined in the Table of Contents. They provide the percentages of staff responding to each response option for each question. Percentages are rounded to the nearest whole number. Summary tables at the beginning of the sections provide a quick overview to key indicators, with a reference to the table where the detailed results can be found.

Supplemental Reports

On request, custom reports can be prepared that disaggregate the survey data and compare the results based on the characteristics of respondents (e.g., race/ethnicity), job responsibilities (e.g., special education compared to general education staff), or based on how staff responded to a particular question (e.g., whether they agreed or disagreed that the school had a supportive and inviting learning environment).

ONLINE DATA DASHBOARDS

Public Dashboard. Anyone can examine online key state, county, and district CSSS results on the public CalSCHLS Data Dashboard (calschls.org/my-surveys/). The dashboard can be used to graphically display statewide, county, and district key indicators from the CSSS, trends over time, and disparities in survey outcomes across groups. Group differences by race/ethnicity, role (teacher, administrator), and tenure at the school can be examined. Trends in results over the past 11 years can be displayed. In addition to displaying results interactively on the web, dashboard results can be exported as Image and PDF files for dissemination. District data are publicly posted on the dashboard by the end of November of the year following survey administration.

The District Dashboard Option. Districts may purchase a two-year subscription to a password-protected, private data dashboard that displays up to 11 years of CalSCHLS data at the district level and individual school level. The dashboard provides designated staff with graphical data displays for

the district as a whole, for all schools in the district on the same page to enable comparisons across schools, and for a single, individual school. At both the district and school level, viewers can:

- compare their data with district and state averages;
- make comparisons across groups such as race/ethnicity, staff serving in different roles at the school, and staff tenure; and
- examine data trends over time overall and by group.

Viewers at both the district level and the school level have the option to download data displays as a PDF document which can be shared with stakeholders.

UNDERSTANDING THE DATA

Care must be taken to fully understand the survey; the context within which the data were collected; and the factors that can impact the quality, validity, and generalizability of the results. The following are a few of the key issues that should be kept in mind.

Representativeness

Among the most important factors affecting the quality of survey results is the level of staff participation. The validity and representativeness of the results will be adversely affected if the staff response rate is lower than 70 percent (see Table A1.1 and Appendix I for staff counts and participation status by school). One indication of the survey's representativeness is how accurately the characteristics of the sample (see Section 3) reflect the characteristics of the staff as indicated by personnel records. Even if the response rate is low, the results provide an indication of what those staff who did respond felt about the school and their experiences and behavior. Strategies for increasing participation are discussed below.

Changes Between Surveys

Many factors besides real changes in behavior, attitudes, or experiences among staff may account for changes in results from administration to administration. Changes may be due to differences over time in the characteristics or size of the sample of staff who completed the survey, changes in the questions themselves, or differences between time periods in which the survey was administered.

Data Comparisons

Comparing results to other district, county, and state data provides a broader context with which to assess the local situation. This can help you determine whether local changes are unique or may be part of a broader trend. Ultimately, however, the most fundamental concern should be what the survey results say about your schools and what improvements need to be made. Results from all districts in the state that conducted the CSSS may be downloaded from the website: calschls.org/reports-data.

IMPROVING PARTICIPATION

One of the most important strategies for improving voluntary staff participation is raising awareness among staff of the value of the survey to the school and the value of staff perceptions to school improvement efforts. To that end, it is important that staff are informed about the results and any

school improvement efforts that are undertaken in response. Staff must perceive that their voices are heard and valued.

RESOURCES

CalSCHLS.org contains numerous guidebooks and other resources for using and understanding survey results.

- CHKS and CSSS **factsheets** analyze key topics at the state level, show how data variables are related, and offer suggestions for how data can be analyzed at the local level (calschls.org/resources/factsheets/).
- ***Making Sense of School Climate*** provides a discussion of CalSCHLS survey items that relate to school climate (data.calschls.org/resources/S3_schoolclimateguidebook_final.pdf).
- The **California Center for School Climate** (ca-safe-supportive-schools.wested.org/california-center-for-school-climate/) provides free support and trainings on school climate and data use to LEAs in California. The website provides archived virtual events and other school climate improvement resources.
- The ***California Safe and Supportive Schools Newsletter*** provides monthly announcements of resources, tools, webinars and workshops, and research. Sign up on ca-safe-supportive-schools.wested.org/subscribe/.
- CDE's **California Safe and Supportive Schools** website (ca-safe-supportive-schools.wested.org) contains a wealth of information and tools related to school climate improvement and social-emotional learning. It includes factsheets analyzing CalSCHLS data and *What Works Briefs* that provide guidance on strategies to implement.
- The **CalSCHLS Item Crosswalk** (calschls.org/resources/#resources_and_tools) is a handy table listing all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found, to assist in the comparison of findings among students, staff, and parents.

NEXT STEPS

Receiving this report is just a beginning step in a data-driven decision-making process of continuous improvement. The following describes some additional steps you should take and some custom services (additional fees apply) available from the CalSCHLS team. These will help in fostering effective use of the results and provide additional information to support school and program improvement efforts and the LCAP process.

Engage Students, Staff, and Parents in Reviewing the Results and Action Planning

Engage students, parents, and school/community stakeholders in reviewing and exploring the meaning of the results. Obtain their input into how the school might better meet the identified school and student needs and into developing a detailed action plan to guide school/community collaborative efforts. This communicates to stakeholders that you value their input into how to improve the

school/community and gives them an opportunity for meaningful participation. By enlisting their collaboration, you also increase the prospect that the identified needs will be successfully addressed.

As part of this process, WestEd staff also can facilitate a *Data Workshop* designed to identify local needs based on the survey results and engage adult stakeholders in developing a detailed plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS technical advisor (calschls.org/contact) or email calschls@wested.org.

Compare Results with Other Data

The value of your CSSS results will be greatly enhanced if examined in the context of the following sources of related data.

- **Student and Parent Surveys.** If your school district has administered the CalSCHLS parent surveys, obtain these results and your student results and compare them to those provided by staff. It is important to determine how consistent are the perceptions and experiences of students, staff, and parents. To facilitate these comparisons, the CalSCHLS Item Crosswalk (calschls.org/resources/#resources_and_tools) lists all the constructs and questions that are on two or more of the CalSCHLS surveys, along with the report table number where results can be found. If your district did not administer the companion parent surveys, urge them to do so next time.
- **Other Data.** Examine how the results compare with other data collected within the district that relate to the variables assessed. Other relevant school-related data include discipline referrals, school demographic information, school vandalism costs, and behavioral observations in classrooms.
- **Statewide Results.** The latest aggregated data from all CSSS administrations over a two-year period can be downloaded from the website (calschls.org/docs/statewide_1921_csss.pdf). If there is a school district that you consider similar to your own, you can also check to see if they have administered the survey and download the results for comparison (calschls.org/reports-data/search-lea-reports/). A comparison to statewide and district results can provide some context to your results, but the most important consideration is what your own staff results say about your schools and your staff's experiences and needs.

Request School Reports

If the schools in the district vary significantly in demographics, programs, or other characteristics, consider requesting individual reports for each school.

Data Workshop

To assist in your review of the survey results, you can request your CalSCHLS technical advisor to conduct a structured, customized Data Workshop. In this workshop, a survey specialist works with district stakeholders to promote better understanding of the results and to identify local needs that need to be addressed. The workshops can also include engaging stakeholders in developing a detailed Action Plan and timetable for meeting those needs using evidence-based strategies. For more information, contact your CalSCHLS technical advisor (562.799.5164) or email calschls@wested.org.

Request Additional Reports and Data

As you review your data with stakeholders, you may find that additional data needs emerge. The following custom services are available to help delve more deeply into your survey results and foster more effective use of the results in support of school and program improvement efforts and the LCAP process.

Disaggregated Reports

CalSCHLS staff can produce full reports that look at how results vary by demographic subgroups (e.g., race/ethnicity, role, length of employment at school).

Additional Analysis of Data

The complete dataset is available electronically for additional analysis (calschls.org/reports-data). The dataset enables analyses of patterns in the results, how they are interrelated, and how they vary by different subgroups of staff and across schools within a district. You can also request an analysis by WestEd staff of any topic of interest.

Add Questions to Your Next Surveys

Determine what additional information is needed to guide school improvement efforts and add questions to your next student, staff, or parent surveys. All three surveys are designed so that schools can add additional questions to help them conduct a more individualized and comprehensive assessment.

For more information about survey planning or technical assistance in understanding survey results and developing effective action plans to address identified needs, call the CalSCHLS helpline (562.799.5164) or email calschls@wested.org.

Disagree	5	5	12	0	–
Strongly disagree	3	0	6	9	–
has implemented good COVID-related safety measures and protocols to keep staff healthy.					
Strongly agree	45	52	41	32	–
Agree	47	46	41	55	–
Disagree	5	2	12	9	–
Strongly disagree	2	0	6	5	–

Question A.30-32: This school... has kept staff well-informed about COVID-related safety measures and protocols... has implemented good COVID-related safety measures and protocols to keep staff healthy... has implemented good COVID-related safety measures and protocols to keep students healthy.

Note: Cells are empty if there are less than 5 respondents.

Table A4.2**Ways to Support Teachers During COVID-19**

	All %	ES %	MS %	HS %	NT %
Teachers need more professional development, training, mentorship, or other support in...					
motivating students through remote learning.					
(Remote Only)					
Yes					–
No					–
supporting students exposed to trauma or stressful life events.					
Yes	68	73	75	50	–
No	32	27	25	50	–
COVID-related safety measures and protocols to keep staff and students healthy.					
Yes	19	22	20	10	–
No	81	78	80	90	–

Question A.99, 101, 102: Do you feel that you need more professional development, training, mentorship, or other support to do your job in any of the following areas?... supporting students exposed to trauma or stressful life events (e.g., trauma-informed practices)... COVID-related safety measures and protocols to keep staff and students healthy... motivating students through remote learning.

Note: Cells are empty if there are less than 5 respondents.

5. Remote Teaching

Table A5.1

School Instructional Model Implementation (Remote Only)

	All %	ES %	MS %	HS %	NT %
I have had sufficient training and/or experience using distance learning tools to deliver effective remote teaching.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—
Teachers from this school are providing effective instruction.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—
I can provide effective instruction.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—

Question A.105-107: The next set of questions ask about your experiences with remote instruction this year... I can provide effective instruction... I have had sufficient training and/or experience using distance learning tools (video calls, learning management system, etc.) to deliver effective remote teaching.... Teachers from this school are providing effective instruction.

Note: Cells are empty if there are less than 5 respondents.

Table A5.2***Student Remote Learning (Remote Only)***

	All %	ES %	MS %	HS %	NT %
Students are coping well with remote learning.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—
Students are less engaged in remote classes than in-person classes.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—

Question A.110-111: The next set of questions ask about your experiences with remote instruction this year... Students are coping well with remote learning... Students are less engaged in remote classes than in-person classes.

Note: Cells are empty if there are less than 5 respondents.

Table A5.3***Academic Motivation and Supports for Learning (Remote Only)***

	All %	ES %	MS %	HS %	NT %
Teachers from this school are motivating students.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—
Students who need the most academic support are receiving the support they need.					
Strongly agree					—
Agree					—
Disagree					—
Strongly disagree					—

Question A.108, 109: The next set of questions ask about your experiences with remote instruction this year... Teachers from this school are motivating students... Students who need the most academic support are receiving the support they need.

Note: Cells are empty if there are less than 5 respondents.

6. School Supports for Students and Staff

Table A6.1

Summary of Indicators for Positive Learning and Working Environment

	Percent Responding “Strongly Agree”					Table
	All %	ES %	MS %	HS %	NT %	
School Supports for Students						
Student learning environment	52	63	37	33	–	A6.2
Is a supportive and inviting place for students to learn	58	67	53	36	–	A6.2
Emphasizes teaching lessons in ways relevant to students	40	50	29	23	–	A6.2
Facilities upkeep	53	49	71	50	–	A6.9
School Supports for Staff						
Staff working environment	45	52	34	34	–	A6.4
Is a supportive and inviting place for staff to work	46	55	29	36	–	A6.4
Promotes trust and collegiality among staff	42	45	41	36	–	A6.4
Promotes participation in school decision making	37	47	25	23	–	A6.4
Uses objective data for school improvement decisions	50	57	47	36	–	A6.7
Staff collegiality	48	56	31	38	–	A6.5
Have close professional relationships with one another	43	53	24	32	–	A6.5
Feel a responsibility to improve the school	50	62	24	41	–	A6.5
School Safety						
Is a safe place for staff	52	60	41	41	–	A6.4
Is a safe place for students	58	71	41	36	–	A6.2

Note: Cells are empty if there are less than 5 respondents.

Student Learning Environment

Table A6.2

Student Learning Environment Scale Questions

	All %	ES %	MS %	HS %	NT %
Student learning environment					
<i>Average reporting “Strongly agree”</i>	52	63	37	33	–
<i>This school... is a supportive and inviting place for students to learn.</i>					
Strongly agree	58	67	53	36	–
Agree	39	33	41	55	–
Disagree	3	0	6	9	–
Strongly disagree	0	0	0	0	–
<i>promotes academic success for all students.</i>					
Strongly agree	50	64	29	29	–

[§]*Average percent of respondents reporting “A lot.”*

3. Discipline, Safety, and Behavior Management

Table B3.1

Discipline Practice at School

	All %	ES %	MS %	HS %	NT %
Punishes first-time violations of alcohol or other drug policies by at least an out-of-school suspension					
Strongly agree	50	58			—
Agree	29	21			—
Disagree	17	16			—
Strongly disagree	4	5			—
Enforces zero tolerance policies					
Strongly agree	44	53			—
Agree	28	21			—
Disagree	28	26			—
Strongly disagree	0	0			—

Question A.117, 118: This school... punishes first-time violations of alcohol or other drug policies by at least an out-of-school suspension... enforces zero tolerance policies.

Note: Cells are empty if there are less than 5 respondents.

Table B3.2
Supports for Safety at School

	All %	ES %	MS %	HS %	NT %
Has sufficient resources to create a safe campus					
Strongly agree	48	53			—
Agree	36	37			—
Disagree	16	11			—
Strongly disagree	0	0			—
Seeks to maintain a secure campus					
Strongly agree	28	32			—
Agree	12	11			—
Disagree	28	21			—
Strongly disagree	32	37			—

Question A.114, 119: This school... has sufficient resources to create a safe campus... seeks to maintain a secure campus through such means as metal detectors, security guards, or personal searches.

Note: Cells are empty if there are less than 5 respondents.

Table B3.3
Behavior Management at School

	All %	ES %	MS %	HS %	NT %
Provides harassment or bullying prevention					
A lot	58	67			—
Some	33	28			—
Not much	8	6			—
Not at all	0	0			—
Provides conflict resolution or behavior management instruction					
A lot	67	78			—
Some	29	17			—
Not much	4	6			—
Not at all	0	0			—

Question A.130, 131: To what extent does this school provide students... conflict resolution or behavior management instruction?... harassment or bullying prevention?

Note: Cells are empty if there are less than 5 respondents.

4. Substance Use and Risk Behavior

Table B4.1

Substance Use Prevention

	All %	ES %	MS %	HS %	NT %
Considers substance abuse prevention an important goal					
Strongly agree	56	63			—
Agree	36	26			—
Disagree	0	0			—
Strongly disagree	8	11			—
Collaborates well with community organizations to address substance use or other problems					
Strongly agree	40	47			—
Agree	48	42			—
Disagree	12	11			—
Strongly disagree	0	0			—
Provides effective confidential support and referral services for students needing help because of substance abuse, violence, or other problems					
Strongly agree	52	63			—
Agree	40	32			—
Disagree	4	0			—
Strongly disagree	4	5			—

Question A.113, 120, 121: This school... collaborates well with community organizations to help address substance use or other problems among youth... provides effective confidential support and referral services for students needing help because of substance abuse, violence, or other problems (e.g., a Student Assistance Program)... considers substance abuse prevention an important goal.

Note: Cells are empty if there are less than 5 respondents.

Table B4.1***Substance Use Prevention - Continued***

	All %	ES %	MS %	HS %	NT %
Provides alcohol or drug use prevention instruction					
A lot	48	53			—
Some	39	41			—
Not much	13	6			—
Not at all	0	0			—
Provides tobacco use/vaping prevention instruction					
A lot	46	56			—
Some	42	39			—
Not much	13	6			—
Not at all	0	0			—
Has sufficient resources to address substance use prevention needs					
Strongly agree	36	42			—
Agree	52	47			—
Disagree	8	5			—
Strongly disagree	4	5			—

Question A.115, 128, 129: This school... has sufficient resources to address substance use prevention needs... To what extent does this school provide students... alcohol or drug use prevention instruction?... tobacco use/vaping prevention instruction?

Note: Cells are empty if there are less than 5 respondents.

Table B4.2***School Enforces Policies Banning Tobacco Use and Vaping***

	All %	ES %	MS %	HS %	NT %
Strongly agree	76	79			—
Agree	16	11			—
Disagree	4	5			—
Strongly disagree	4	5			—

Question A.116: This school consistently enforces policies banning tobacco use/vaping on school property.

Note: Cells are empty if there are less than 5 respondents.

5. Physical Health and Special Needs

Table B5.1

Physical Health and Special Needs

	All %	ES %	MS %	HS %	NT %
Provides adequate health services for students					
Strongly agree	60	68			—
Agree	32	26			—
Disagree	8	5			—
Strongly disagree	0	0			—
Provides opportunities for physical education and activity					
A lot	92	89			—
Some	8	11			—
Not much	0	0			—
Not at all	0	0			—

Question A.122, 127: This school... provides adequate health services for students... To what extent does this school provide students... opportunities for physical education and activity?

Note: Cells are empty if there are less than 5 respondents.

6. Youth Development and Social-Emotional Supports

Table B6.1

Youth Development and Social-Emotional Supports at School

	All %	ES %	MS %	HS %	NT %
Provides supports that foster youth development, resilience, social-emotional learning, or asset promotion					
A lot	58	67			—
Some	38	28			—
Not much	4	6			—
Not at all	0	0			—
Emphasizes helping students with social, emotional, and behavioral problems					
Strongly agree	64	68			—
Agree	32	26			—
Disagree	0	0			—
Strongly disagree	4	5			—
Uses restorative practices to help resolve conflicts					
Strongly agree	52	58			—
Agree	40	37			—
Disagree	4	0			—
Strongly disagree	4	5			—

Question A.123, 124, 126: This school... emphasizes helping students with their social, emotional, and behavioral problems... uses restorative practices to help resolve conflicts... To what extent does this school provide students... supports that foster youth development, resilience, social-emotional learning, or asset promotion?

Note: Cells are empty if there are less than 5 respondents.

Table B6.1***Youth Development and Social-Emotional Supports at School – Continued***

	All %	ES %	MS %	HS %	NT %
Implements trauma-informed practices					
Strongly agree	36	42			–
Agree	52	42			–
Disagree	8	11			–
Strongly disagree	4	5			–
Provides instructional help to build social-emotional competencies					
A lot	71	72			–
Some	25	22			–
Not much	4	6			–
Not at all	0	0			–

Question A.125, 132: This school... implements trauma-informed practices... To what extent does this school provide students... instructional help to build social-emotional competencies?

Note: Cells are empty if there are less than 5 respondents.

Appendix

2023-24 CSSS Staff Survey Data Status

Eligible Elementary Schools	Data Received
Arbuckle Elementary	X
Grand Island Elementary	X

Notes: Eligible schools listed are based on CBEDS 2023-24 public school and 2022-23 enrollment data files. Directly funded charter schools have been excluded from the list.

2023-24 CSSS Staff Survey Data Status

Eligible Intermediate/Middle/Junior High Schools	Data Received
Lloyd G. Johnson Junior High	X

Notes: Eligible schools listed are based on CBEDS 2023-24 public school and 2022-23 enrollment data files. Directly funded charter schools have been excluded from the list.

2023-24 CSSS Staff Survey Data Status

Eligible High Schools	Data Received
Pierce High	X

Notes: Eligible schools listed are based on CBEDS 2023-24 public school and 2022-23 enrollment data files. Directly funded charter schools have been excluded from the list.

2023-24 CSSS Staff Survey Data Status

Eligible Non-Traditional Schools ^A	Data Received
Arbuckle Alternative High (Continuation)	

Notes: Eligible schools listed are based on CBEDS 2023-24 public school and 2022-23 enrollment data files. Directly funded charter schools have been excluded from the list. ^ANon-traditional schools include continuation, community day, and other alternative school types.
